

FR. O'BOYLAN'S BROTHER-IN-LAW KILLED IN WRECK

A DOZEN INJURED IN A SERIOUS
TROLLEY COLLISION AT
ELYRIA, OHIO.

MOTORMAN WAS ARRESTED

Charged With Manslaughter—Rear
End Collision on Cleveland and
Southwestern.

Elyria, O., May 31.—In a rear-end
collision on the Cleveland and South-
western traction road in this city
Thursday evening, four persons lost
their lives and thirteen were terribly
injured, eight of the latter having both
legs cut off, one losing one leg and an-
other having both legs broken. The
front car was filled with holiday ex-
cursionists, nearly all of whom sus-
tained injuries. Ambulances were
summoned without delay and the un-
fortunates removed from the debris
and taken to the hospital.

The accident occurred not more
than a block from the City hospital.
The wrecked car had slowed down to
allow passengers to get off. The rear
platform was crowded with passengers
and a car that was trailing crashed
into the first one. Motorman Fran-
du, who was in charge of the car
which caused the wreck, was arrested
on a warrant sworn out by Prosecutor
Stephens, charging him with man-
slaughter.

The dead: E. O. O'Donnell, Elyria,
crockery merchant; H. M. Billings,
Elyria, a Grand Army veteran; W. C.
Allen, Elyria, claim agent of the Lake
Shore railroad; William Sala, son of
Rev. J. P. Sala. The injured: Miss
Emma Wurst, Elyria, daughter of
Samuel Wurst, had both legs cut off;
Miss Mabel Dean of Elyria, both legs
cut off; Mrs. J. P. Sala, Elyria, arm
broken and gashed in hip; Leslie Por-
ter, Cottesbrook, both legs cut off;
Margaret Butler, Elyria, both legs cut
off; Miss Fulton, Elyria, both legs cut
off; Mrs. Lesslie, Elyria, one foot cut
off; Miss Suppes, both legs cut off;
Conductor Avery, internal injuries;
Miss Dahn, Elyria, internal injuries;
George Chamberlain, Perry, O., badly
hurt; Charles Porter, Elyria, both
feet off.

Motorman Fuerdierner jumped be-
fore the crash and ran. He took a
car to his home in Cleveland. He was
trailed by the police in an auto, ar-
rested and taken back to Elyria. He
was arraigned before Mayor Chap-
man, pleaded not guilty and locked
up in the county jail in default of
\$5,000 bail. Judge Washburn called
a special grand jury to fix the respon-
sibility for the wreck which met at 1
p. m. today.

MR. EDWARD O'DONNELL.

Mr. Edward O'Donnell whose home
is in Elyria, died Friday morning at
1:55. He leaves a wife and eleven
children, eight boys and three girls.
Mr. O'Donnell lived for some years
in this city where he was engaged in
the crockery business and afterwards
went to Elyria where he continued in
the same business up to the time of
his death. He built a very successful
business in the latter town, and he
and his sons have acquired a large
amount of real estate by their energy
and industry. When Mr. O'Donnell
sold his stock in Newark he had de-
cided to return to Australia where he
had lived for years and where many
of his children were born, but his
brother induced him to settle in
Elyria, and having sold his interests
in his mine in Australia he de-
cided to make Elyria his permanent
home.

Mr. O'Donnell was a man of the
most sterling qualities and upright
life. Although well advanced in
years, being at the time of his death
73 years of age, he was still a vig-
orous and active man, and his private
life in the midst of his large family
was a most happy one. He was be-
loved and respected by all his fellow
townsmen.

Father O'Boylan has gone to Elyria
to attend the funeral of Mr. O'Donnell
and will not return until next week.

Visited by Night Riders.

Madisonville, Ky., May 31.—Reports
received here state that a band of 35
masked horsemen, supposed to be
"night riders," visited the home of
Noble Robinson, near Cobb station,
and after firing around the house,
made Robinson get up and dress and
take him to the backyard, forcing him
to take a hoe and dig up the plant
beds. Many other farmers were also
visited and forced to destroy their to-
bacco beds in a similar manner.

Organizing Another Strike.

Paris, May 31.—The waiters' union,
claiming that employers have not
kept faith in the matter of the right
of waiters to wear mustaches and the
provision that they should not pay for
breakages, is organizing another
strike for Grand Prix week, when the
Paris season is at its height.

TO INVESTIGATE DUNCAN'S CAREER AT BOISE, IDAHO

Boise, Idaho, May 31.—Carl H. Dun-
can, the young man who came here
disguised and armed and was ar-
rested on suspicion Tuesday, is still held
at the city prison and an extended
investigation of his career and con-
duct is in progress here and in other
cities where he lived. Dr. Hermon
Titus of Seattle, one of the Socialist
writers attending the trial, had an ex-
tended interview with Duncan. He
declared afterward that he thought it
would not be to the best interests of
Socialism to have the young man re-
leased at this time. Duncan insisted,
he declared, that he had not come to
Boise to shoot anyone.

NEWARK'S LIVE ONES

Mr. Frederic M. Black, who for
several years was president of the
Newark Board of Trade, and who is
still a director of that live organiza-
tion, which has done so much for
the growth of Newark, is a well

FREDERIC M. BLACK.

known Newark lawyer, having offices
in the Fleek-Zartman building with
Jas. R. Fitzgibbon. Mr. Black is inter-
ested in the hardwood lumber busi-
ness as a "side line," but his energy
is largely directed to his profession.
He is energetic, alert and public
spirited. Mr. Black is now preparing
an article for the Newark (July)
number of the Ohio Magazine dealing
with the discovery, development and
importance of the natural gas fields
of Licking county.

SEAMEN'S STRIKE GOES INTO EFFECT

Paris, May 31.—The contemplated
general strike of seamen engaged in
the merchant marine went into effect
today. Reports from all the great
French ports say that officers and
sailors left the ships together. At
Havre the strike has tied up shipping
to such an extent that it is extremely
doubtful whether the French liner
Provence, will be able to sail to-
morrow for New York. Dissatisfaction
with the policy of the government in
regard to pensions was the cause of
the strike. Orders have been sent to
Toulon for the transports Nive, Vinh-
Long, Mytho and Shamrock to pre-
pare for sea duty in case the strike
makes their services necessary.

CITY IS DEFENSELESS

Canton, China, May 31.—Ten thou-
sand and rebellious Triads are reported
to be marching on Swatow, an impor-
tant seaport. Unwarned of danger,
the city is said to be on the verge of
capture. The military force was re-
cently dispatched from Swatow
against the rebels, leaving the city
practically defenseless.

Boy Falls From Train.

Waterloo, Ia., May 31.—The five-
year-old son of Kate Kartinelli fell out
of a car window of an Illinois Central
limited westbound train, running at 50
miles an hour between Peosta and Ep-
worth, while his mother was asleep.
Several hours afterward the child was
found walking on the tracks by the
train crew of an eastbound train. Ex-
cept for a slight cut on the face, the
boy was unhurt.

PROGRESS MADE IN HAYWOOD TRIAL

Boise City, May 31.—Excellent pro-
gress is being made toward securing
a jury in the Haywood trial. It is
believed by both sides that twelve
men will be sworn in by Saturday
and that evidence taking will begin
next week. Telegraphic summonses
have been sent to all witnesses now
outside the jurisdiction of the court
to be here Monday. Today's session
was devoted to the examination of
testament.

IT WAS MURDER SAYS CORONER AT CINCINNATI

TWO MEN UNDER ARREST SUS-
PECTED OF ATROCIOUS
CRIME.

MAN FOUND IN FURNACE

And Investigation Results in the
Opinion That He Was Alive
When Put There.

Cincinnati, May 31.—Either the most
atrocious murder or the most remark-
able suicide in police history was
discovered in the furnace room of the
Ryan soap factory this morning when
the charred body of a man was drag-
ged from the fire box by John Mc-
Dermott, the engineer.

All the circumstances point to murder,
as a suicide theory is believed al-
most incredible. McDermott is under
arrest on suspicion. He says he start-
ed a fire and returned later to blow
the whistle and saw a man's coat in
the furnace room. From the firebox
door, 28 by 22 inches, stuck two feet,
and McDermott dragged out the
charred body of a man. The flesh of
the face and head was burned off, and
the arms burned to stumps.

There was nothing on the man to
identify him.

Deputy Coroner Coe declares the
man was alive when put into the fur-
nace. The cooked blood indicates
this. The man was knocked uncon-
scious and then thrust alive into the
furnace, the heat of which was 3,000
degrees.

Coroner Cameron this afternoon or-
dered Sherman Cornelius, a brother-
in-law of McDermott, arrested on
suspicion as a result of investigation
into the death.

After a thorough investigation the
police are satisfied that the man was
murdered. They have not determined
whether he came to his death before
being forced into the fire box or was
alive when the crime was committed.
The body is so badly burned that it
is impossible to discover any marks
on it. The man's coat which was
found in the engine room was torn
almost in two.

The victim was evidently a for-
eigner. A number of Hungarians,
Rumanians and Bulgarians live in
the neighborhood of the factory. En-
gineer McDermott who is under ar-
rest on suspicion, denies all knowl-
edge of the crime and asserts that the
man committed suicide.

Social Democrats Desert Liberals.

London, May 31.—The congress of
Russian Social Democrats, which has
been in session in this city since May
13, decided by a majority of 52 votes
definitely to sever all relations with
the Constitutional Democrats and
other liberal parties in Russia. Thus
the extremists regain the control of
the party which they lost a year ago.
This decision was reached after days
of wrangling and impassioned dis-
cussions.

His Intellect Won Out.

Boston, May 31.—"My body wanted
to live but my intellect wanted to die.
My intellect won out," read a note
found in the pocket of Herman Unger
of Pittsburg, Pa., who committed sui-
cide by taking morphine at Clark's
hotel. He came to the hotel Tuesday.
A note found on the table read as fol-
lows: "This is to certify that I, Her-
man Unger, have taken my life by the
aid of morphine sulphate. Kindly
send my letters to their destination
and my shell will be quickly taken
care of. Pity we cannot live and die
without disturbing others."

NO MORE BEER OF UNION MAKE

Chicago, May 31.—The last barrel
of "Union" beer in Chicago and the
whole country, according to an edict
of the American Federation of Labor,
will be manufactured today. At mid-
night the brewery workers' union
will cease to exist in the eyes of the
National labor leaders and two mil-
lion workmen in the United States
will be asked to get on the water
wagon or use some other kind of be-
verage. The brewery employees have
rebelled against President Gompers
and the national labor executive
council, and they are to be disci-
plined. The method adopted is that
of expulsion.

Secretary Kemper of the local union
already has received notification
of the proposed action of the labor
officials. He said the 3,000 brewery
workers of Chicago will go on brew-
ing beer whether the American Fed-
eration of Labor regards it officially
as a "union" product or not. In other
words a bitter labor fight is at hand
for which the breweries in Chicago
and other cities will furnish the stage
and scenic accompaniments.

RAILROADS AGREE WITH THE SHIPPERS ASK SETTLEMENT

Chicago, May 31.—It is reported
that an agreement has been reached
between eastern railroads and the
shippers, whereby the latter will ask
the interstate commerce commission
to dismiss the bill of lading case,
which has been before that body since
December, 1905. On the other hand
the railroads have agreed to present
to the commission a new uniform bill
of lading, providing for only one rate,
thereby accepting without question
the common law liability for loss and
damage which attaches to the carriers.
The entire question was one of li-
ability on the part of the carrier for
loss and damage to shipments.

PEASANTS

And Police Clash as a Result of the
Land Agitation in Ireland

Dublin, May 31.—The latest phase
of the land agitation in the congested
districts of Ireland is taking the form
of a crusade against the holders of
grazing farms on the eleven months'
lease system, and is developing with
great rapidity and intensity. Rose-
common, Kings county, and north Tippe-
rary are the centers of lawlessness.
In bygone times these localities saw
many evictions, and the peasants now
are determined that the land shall be
redistributed to small holders. Re-
ports are received daily of the gather-
ing of large bands of peasants who
destroy gates and fences and clear the
grazing ranches of cattle, which they
drive back over miles of country to
the farms of the owners. In two cases
men who had leased ranches were
compelled to abandon their holdings
because of intimidation. The authori-
ties have drafted large forces of po-
lice into the disturbed districts, with
the result that there have been some
serious conflicts between the police
and the peasants.

PUBLIC LANDS.

Government's Policy Criticized by
Promoters of Land Convention.

Denver, Colo., May 31.—An address
was issued by the program committee
of the land convention, which will
meet in Denver, June 18, of which
Senator Henry M. Teller is chairman,
outlining the objects of the conven-
tion. The policy of the government
regarding public lands from the adop-
tion of the constitution up to the pre-
sent day is reviewed in detail. "Re-
cently," the address declares, "there
has apparently been a decided change
in the policy of the government in
regard to these lands. The new policy
seems to involve the perpetual owner-
ship and control of these lands by the
United States under conditions that
approach dangerously near the as-
sumption of municipal sovereignty.
Congress has had but little to do with
this change in policy, and it seems to
have resulted largely through a dele-
gation of authority to the executive
branch of the government, to make
rules and regulations in regard to the
areas withdrawn."

STATE OF OHIO WINS AGAINST THE STANDARD

Findlay, O., May 31.—The State of
Ohio won a big victory today in the
fight against the Standard Oil com-
pany in the mandamus case to com-
pel the Buckeye Pipe Line company
to establish reasonable rates for the
transportation of oil, and to accept all
the oil offered by independent com-
panies. The Standard acknowledged it
was organized under Ohio laws and
the Circuit court decided it must
therefore abide by them and furnish
proper facilities for the transporta-
tion of oil and at fair rates. The case
will be tried on its merits at the next
term of the Circuit court.

Hagerman Arraigned, Defends Himself.

Albuquerque, N. M., May 31.—The
Citizen printed the text of a letter
from President Roosevelt to former
Governor Hagerman, who recently re-
signed from the office of governor at
the request of the president. In the
letter Mr. Hagerman is scathingly ar-
raigned for the part he took in the
Pennsylvania Development company
land transaction, upon which the re-
quest for Hagerman's resignation was
based. The publication inspired Mr.
Hagerman to make public his reply
to the president in which he reviews
his part in the Pennsylvania Develop-
ment company transaction, and vigor-
ously defends himself against the
charges contained in the president's
letter.

Horses and Auto Burned.

Chicago, May 31.—Twelve horses
were burned to death and 24 automo-
biles were destroyed by fire in the
storage building of T. W. Jones Ex-
press and Furniture company, 428
Twenty-ninth street. The fire was
started by an explosion of gasoline
which was left in a large auto-truck
used for moving purposes. Loss
\$125,000.

NEW ASSISTANT COMMISSIONER OF PATENTS.

Mr. Cornelius C. Billings, who will become Assistant Commissioner
of Patents on June 1 by appointment of the President, was graduated
from the United States Naval Academy in the class of 1886.

FOUR WERE SHOT IN PISTOL DUEL OVER A GIRL

Philadelphia, May 31.—Augustine
Celesti, 22, was shot and killed, and
Giacoma Haromia, 30, and Vincento
Costa, 37, were fatally wounded in a
pistol duel here over a girl. The men
met in a restaurant in the heart of
the Italian district and began firing.
Celesti, a pedestrian on the walk,
was struck in the head and was in-
stantly killed. Costa and Haromia
continued shooting until each fell,
Sota with a bullet in his abdomen and
Haromia with a wound in the breast
near the heart. A woman was also
slightly wounded by a stray bullet.

SIXTY PERSONS

Were Precipitated Into a Cellar by
the Giving Away of the
Flooring.

Wilkes-Barre, Pa., May 31.—At the
laying of the cornerstone of St. Mary's
Catholic church, a temporary flooring
collapsed, precipitating about sixty
persons into the cellar, 12 feet below.
For an hour the utmost excitement
prevailed. Ladders were secured from
neighboring factories, and with the
aid of the police the injured were re-
moved from their perilous position.
Some were able to walk to their
homes, while others were removed to
hospitals. The accident, it is said, was
due to insufficient bracing beneath the
new floor. Bishop Hoban of Scranton,
who went down with the crash, was at
first reported to be seriously hurt, but
this proved untrue. He was badly
shaken up, however.

OVER FIVE MILLION DEMANDED BY TEXAS

Austin, Texas, May 31.—Penalties
totaling \$5,374,100 are demanded by
the State of Texas in the anti-trust
ouster and penalty suit against the
Waters-Pierce Oil company. These
fines are based on the maximum of
\$5,000 a day under the act of 1889
from June 1, 1900 to April 1, 1902,
amounting to \$5,304,550, and \$50 a
day since April 1, 1902, under the act
of 1903, aggregating \$74,550.

Area of Canal and Lakes.

Panama, May 31.—According to a
report made by the minority of the
Isthmian canal commission, it was es-
timated that the area of the canal and
lakes would not exceed 119 square
miles. It now appears from an ex-
cellent authority that that portion of
the canal and lake surveyed up to
date, which is less than half of the
ultimate total, exceeds 200 square
miles and faces are entertained re-
garding the sufficiency of the water
supply. The Charges river, it is said,
cannot supply water for this increas-
ed area.

French cruiser Chansey, which
went ashore on one of the Saddle Is-
lands May 29, will prove a total loss
and has been abandoned.

William J. Bryan was the orator of
the day at the celebration of "Patrick
Henry day" at Jamestown exposition.

THE PRESIDENT IS IN MICHIGAN MAKES ADDRESS

AT SEMI-CENTENNIAL CELEBRA-
TION OF MICHIGAN AGRICUL-
TURAL COLLEGE.

SPEECH AT INDIANAPOLIS

Was Delivered at the Unveiling of a
Heroic Statue of Late General
Henry W. Lawton.

Lansing, Mich., May 31.—Every-
thing was found in readiness here for
the visit of President Roosevelt, which
was the climax of the semi-centennial
celebration of the founding of the
Michigan Agricultural college. The
president arrived from Fort Wayne on
a special train over the Lake Shore
railroad at 10 o'clock. He was met
at the station by Governor Warner
and a committee from the legislature.
Under escort of a regiment of the
Michigan National Guard, a troop of
cavalry and two battalions of the
Michigan naval reserve, he proceeded
first to the state capital. Instead of
making an address in representatives' hall
as at first planned, the president
consented to speak from the front
balcony of the capital. After luncheon
at the home of President Snyder of
the college, President Roosevelt made
an address on the college campus.

The presidential party left Indian-
apolis at 6 p. m. Stops were made at
Anderson and Muncie. At Fort Wayne
the president passed the night in his
car. Lansing was reached before
noon today. Large crowds, gathered
at every station between Fort Wayne
and Lansing, vociferously cheered the
chief magistrate.

At Indianapolis President Roosevelt
delivered the principal address at the
unveiling of a monument to General
Henry W. Lawton. The speech was
devoted to a discussion of railway
problems and incidentally paid a
warm tribute to Oliver Morton, the
war governor of Indiana.

At the conclusion of the exercises
the president and vice president were
driven to Crown Hill cemetery, where
the president placed on the grave of
former President Benjamin Harrison
a wreath of galax leaves and lilacs of
valley, which he brought with him
from Washington.

The president in his address at In-
dianapolis outlined his policy as to
railways as follows: Federal super-
vision and control analogous to that
exercised over banks; prevention of
overcapitalization and manipulation of
stocks; physical valuation of all rail-
ways and standardization of accounts;
guarantees as to railway securities
such as are now given to bank shares;
better and more ample facilities for
transportation; legalizing of pooling
agreements by railways; no retroac-
tive laws; no unreasonable restric-
tions tending to prevent development
of the country or to impair credit,
and no unduly high rates.

C. E. HOLLANDER BADLY BURNED IN EXPLOSION

Mr. C. E. Hollander, manager of the
Newark Telephone company, had the
misfortune to meet with an accident
which proved very painful in its con-
sequences. He had gone down into
the cellar at his home, 512 Hudson
avenue, for the purpose of lighting
the furnace, it being quite chilly.
When he applied the match, there
was quite an explosion, and the
flames struck him, burning his face
and also burning off his eye lashes
and eyebrows. While quite painful
the injuries are not considered serious
and Mr. Hollander was able to be at
the office Friday. The accident was
caused by the gas not having been
turned off.

FOUR BURNED TO DEATH

Long Branch, N. J., May 31.—Four
were burned to death and eight in-
jured in a fire which destroyed the
Jacob Rothschild's villa early this
morning.

Execution of Lord Barrington.
Jefferson City, Mo., May 31.—The
supreme court decreed that "Lord"
Frederick Seymour Barrington, now
in jail at Clayton, Mo., shall be hanged
on July 23 for the murder of J.
P. McCann, the St. Louis horseman.

President Roosevelt issued a pro-
clamation creating a reservation 60
feet in width along the entire north-
ern border of Mexico, including the
state of California and the territories
of Arizona and New Mexico. Object,
suppression of smuggling.

Two Big Special Sales

Jewelry, Cut Glass, Watches, Rings, Hand-painted China, Novelties, Kodaks, Pens, Etc.

KIRKERSVILLE BIG FISH STORY

TWO THOUSAND BIG CARP ARE CAUGHT IN THE FEEDER IN SHORT TIME.

Baccalaureate Sermon — Commencement — New House — Music Class — Personal Pointers.

Kirkersville, O., May 31.—A fish story. The rains of last Saturday and Sunday made Buckeye Lake very high and as is often the case under such circumstances, the German carp in the lake came up the feeder, which is a canal built from the creek at Kirkersville to the lake at Millersport. As they came up many stopped off in a large pond through which the feeder passes on the farm of L. A. Martin. There is no law to protect these fish so everybody went after them and they were caught by the wagon load. It is estimated that fully 2000 fish were caught, averaging five pounds each. This will be hailed as good news by all sportsmen as these carp are in the fish world what the English sparrow is among the birds, an unwelcome and destructive stranger.

Our hustling fellow citizen Mr. Jos.

Roshon has been buying considerable hay lately, and just recently has been loading 2000 bushels of corn which was raised by the Randall brothers. He paid 50 cents a bushel for the corn.

Wm. Vermillion has been bringing pulled flowers from Livingston's seed store and greenhouse at Columbus. Hundreds have been bought within a few days by people for the ornamentation of lawns and for use in fixing up the graves in the cemetery preparatory to Decoration day. Services at the Baptist church as follows: Preaching Friday evening, business meeting Saturday afternoon, followed by baptizing, Sabbath school and preaching Sunday morning, subject, "Am I a Christian?" Evenings, the baccalaureate sermon by the pastor before the graduating class of the high school. Subject, "The Voice of the Invisible."

Tickets are now on sale for annual commencement exercises to be held at the M. E. church Tuesday evening June 4.

Mr. M. R. Pierpoint who recently bought the old Wm. Hand farm is building a new house at the corner of Swamp road and the pike. This is a beautiful location for building and from present indications the house is going to be a nice one. We welcome Mr. Pierpoint into our community, and congratulate and commend him for this improvement.

Prof. Hutchinson has organized a class for instruction in vocal music

which meets every Wednesday evening at the M. E. church. This is a case where "the more the merrier" is true, and "the more the cheaper" is equally true, as the professor charges so much a trip regardless of the size of the class. Let several join immediately and get the benefit of this instruction.

Born, to Wm. and Catherine Rostorfer, a fine baby boy. Aunt Nancy Clark who has been suffering from an attack of the grip is growing better.

Samuel Rowe and wife made a trip to Newark Wednesday.

T. J. Franks of Johnstown, made a flying trip to our town Wednesday.

KIRKERSVILLE COMMENCEMENT

Kirkersville, May 31.—The Senior class of the Kirkersville high school has sent out invitations for the commencement exercises which will be held Tuesday evening, June 10 at 7:30 o'clock in the Methodist church. The graduates are Misses Hazel Lillian Martin and Mabel Alverna Klincik. The Rev. D. C. Kite will deliver the baccalaureate sermon on the evening of June 2.

This conversation will probably happen in the year 1907: "Pop, why did the cow jump over the moon?" "Because, my son, in those days there was no aerial navigation."

If your see a fight pitch in. It's the innocent bystander that always gets hurt.

DEATHS AND FUNERALS

MISS JOYCE ASHBROOK.

Miss Joyce Ashbrook daughter of the late A. G. Ashbrook, died at her home, 111 South Third street, shortly after noon on Friday, after a lingering illness of tuberculosis, aged about 25 years.

At this writing no arrangements for the funeral have been made and a more extended notice of this most estimable young woman will appear later.

MRS. ROWENA BROWN.

Mrs. E. E. Wiles and Mrs. E. H. Smith of this place were called to the bedside of their sister, Mrs. Rowena Brown of Pleasant Valley, who after an illness of 12 months was taken home to rest on Friday morning, May 31, 1907, at 6:30 o'clock. She leaves to mourn, a husband, Basil Brown, five sons, Floran, Irvin, Dale, Robert and Fred, two daughters, Anna and Stella, four brothers, Jo-Tanner of Zanesville, Amos Tanner of Richmond, James Tanner of Thornport, and Marion Tanner of Pleasant Valley. Two sisters Mrs. E. H. Smith and Mrs. E. E. Wiles of Newark also survive, and besides these a host of friends mourn her death.

Mrs. Brown was a member of the M. P. church near Zanesville. She bore her suffering with much patience, was a loving wife and a kind and affectionate mother.

Funeral services will be held at Round Top church Pleasant Valley, Sunday June 2, at 10:30 o'clock sun time.

ELLIOTT DURBIN.

Mr. Elliott Durbin died at Mt. Vernon Monday. He had many relatives and friends in Newark who will be pained to hear of his death. Mr. Lee Beatty and wife, Mr. Len. Burt and wife, Mr. Frank Caine and wife and Mr. Jos. Seibring and wife attended the funeral which took place at Mt. Vernon Friday.

CARD OF THANKS.

We desire to thank each and every one. Neighbors for their kindness and friends for floral offerings and especially the Plumbers' Union for its magnificent floral offering. Also we wish to thank Rev. Mr. Vernon of the First Presbyterian church, and the quarter which assisted in singing, and all who extended their sympathy during the illness and death of our beloved daughter and sister, Mrs. Grace T. McKamey. Mr. J. W. Adams and Mrs. J. W. Adams, W. E. McKamey and family.

CARD OF THANKS.

We desire to express our sincere and heartfelt thanks to all who so kindly assisted us in the hour of our bereavement in the loss of our dear husband, son and brother, Richard Baxter. We wish to thank the Rev. J. Bennett for his kind and consoling words, the Brotherhood of Railway Trainmen and the Ladies' Auxiliary for their kind assistance. Also B. & O. employees, Heisey's and all other friends for the beautiful floral offerings. Mrs. Richard Baxter, mother, brothers and sister.

W. C. MILLER

Succeeds Mr. Gard as Secretary-Treasurer of Licking County Bank and Trust Co.

Wm. C. Miller, vice president of the Licking County Bank and Trust company succeeds Mr. Wordsworth Gard as secretary-treasurer of the institution. County Treasurer C. L. V. Holtz

succeeds Mr. Gard on the board of directors.

COMMENCEMENT AT ST. MARY'S JUNE 19

Miss Hilda Kooa a Member of the Graduating Class, Has Many Newark Friends.

The annual commencement of St. Mary's of the Springs at Shepard, Columbus, will be held on Wednesday, June 19, on which occasion there will be ten members of the class of '07, among whom is Miss Hilda Kooa, daughter of Mr. William Kooa, who is a son of the late Squire John Kooa, of this city. Just now, alumnae reunions and commencement festivities are among the interesting events of the school. Wednesday evening witnessed the third annual gathering of alumnae and former pupils of the Sisters of St. Dominic, both those who attended the institution founded in Somerset, Perry county in 1830, and the pupils who claim as their alma mater the academy which was established near the quiet little village of Shepard in the late sixties. During the luncheon hour the St. Mary's orchestra furnished delightful music, and the ten members of the class of 1907 served the luncheon. Miss Mary Gairnor, daughter of Mr. Thomas Gairnor, is a member of the class of 1908.

There were produced in the United States during 1906, 14,350,000 pounds of aluminum, an increase of 4,300,000, or nearly 50 per cent. over the previous year's output.

After a heavy meal, take a couple of Down's Regulents, and give your stomach, liver and bowels the help they will need. Acting easy, regular passages of the bowels.

ORDINANCE NO. 1787.

Determining to proceed with the improvement of East Main Street, from the west side of Oakwood Avenue, to the center of Madison Avenue, by paving and curbing the roadway thereof. Be it ordained by the Council of the City of Newark, State of Ohio, three-fourths of all members elected thereto concurring:

Sec. 1. That it is hereby determined to proceed with the improvement of East Main Street, from the west side of Oakwood Avenue, to the center of Madison Avenue, by paving and curbing the roadway thereof in accordance with a resolution of Council, passed on the 15th day of April, 1907, and in accordance with the plans, specifications, estimates and profiles heretofore approved, and now on file in the office of the Board of Public Service.

Sec. 2. That the materials used in the construction of said improvement shall be asphalt, brick, stone cement, or other material as shall be hereafter determined.

Sec. 3. That all claims for damages resulting from the said improvement shall be judicially inquired into before commencing said proposed improvement, and the Solicitor is hereby authorized and directed to institute proceedings in the court of competent jurisdiction to inquire into such claims.

Sec. 4. That the whole cost of said improvement, less one-fifth thereof, and the cost of intersections shall be assessed by the foot frontage upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement from the north line of Church Street to the south line of Locust Street, which lots and lands are hereby determined to be especially benefited by said improvement; and the cost of improvement shall include expense of printing and publishing notices, resolutions and ordinances required, and the serving of said notices, the cost of construction, together with the interest on bonds issued in anticipation of the collection of deferred assessments, and all other necessary expenditures.

Sec. 5. That the assessments so to be levied shall be paid in semi-annual installments, with interest on deferred payments at 5 per cent. per annum, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance in which case such cash assessment shall not include any item of interest upon bonds to be issued in anticipation of the collection of deferred installments of assessments.

Sec. 6. That bonds of the City of Newark, State of Ohio, shall be issued in anticipation of the collection of assessments by installments and in an amount equal thereto. That the remainder of the entire cost of said improvement, not appropriated by the collection of assessments, together with the cost of any real estate therein, purchased or appropriated, and the cost and expense of the appropriation proceeding therefor, and the damages awarded any owner of adjoining land and interest thereon, and the cost and expense of any such award, shall be paid by the issuance of bonds in the manner provided by law.

Sec. 7. That the Board of Public Service be and the same is hereby authorized and directed to make and execute contract for said improvement with the lowest and best bidder after advertisement according to law.

Sec. 8. This ordinance shall be in force and take effect from and after its passage and legal publication.

and after the passage of the assessing ordinance in which case such cash assessment shall not include any item of interest upon bonds to be issued in anticipation of the collection of deferred installments of assessments.

Sec. 6. That bonds of the City of Newark, State of Ohio, shall be issued in anticipation of the collection of assessments by installments and in an amount equal thereto. That the remainder of the entire cost of said improvement, not appropriated by the collection of assessments, together with the cost of any real estate therein, purchased or appropriated, and the cost and expense of the appropriation proceeding therefor, and the damages awarded any owner of adjoining land and interest thereon, and the cost and expense of any such award, shall be paid by the issuance of bonds in the manner provided by law.

Sec. 7. That the Board of Public Service be and the same is hereby authorized and directed to make and execute contract for said improvement with the lowest and best bidder after advertisement according to law.

Sec. 8. This ordinance shall be in force and take effect from and after its passage and legal publication.

Passed May 20, 1907. H. ROSSEL, President of Council.

Attest: LINCOLN B. MUNCH, Clerk.

Approved May 21, 1907. SAMUEL H. MCCLERY, Mayor.

ORDINANCE NO. 1784.

Determining to proceed with the improvement of Second Street, from the north line of Church Street, to the south line of Locust Street, by paving the roadway thereof and constructing the necessary curb thereon.

Be it ordained by the Council of the City of Newark, State of Ohio, three-fourths of all members elected thereto concurring:

Sec. 1. That it is hereby determined to proceed with the improvement of Second Street, from the north line of Church Street to the south line of Locust Street, by paving the roadway thereof and constructing the necessary curb thereon, in accordance with a resolution of Council, passed on the 15th day of April, 1907, and in accordance with the plans, specifications, estimates and profiles heretofore approved, and now on file in the office of the Board of Public Service.

Sec. 2. That the materials used in the construction of said improvement shall be asphalt, brick, stone cement, or other material as shall be hereafter determined.

Sec. 3. That all claims for damages resulting from the said improvement shall be judicially inquired into before commencing said proposed improvement, and the Solicitor is hereby authorized and directed to institute proceedings in the court of competent jurisdiction to inquire into such claims.

Sec. 4. That the whole cost of said improvement, less one-fifth thereof, and the cost of intersections shall be assessed by the foot frontage upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement from the north line of Church Street to the south line of Locust Street, which lots and lands are hereby determined to be especially benefited by said improvement; and the cost of improvement shall include expense of printing and publishing notices, resolutions and ordinances required, and the serving of said notices, the cost of construction, together with the interest on bonds issued in anticipation of the collection of deferred assessments, and all other necessary expenditures.

Sec. 5. That the assessments so to be levied shall be paid in semi-annual installments, with interest on deferred payments at 5 per cent. per annum, provided that the owner of any property assessed may, at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance in which case such cash assessment shall not include any item of interest upon bonds to be issued in anticipation of the collection of deferred installments of assessments.

Catarrh of the Stomach

MRS. MARY A. RUCH.

After years of suffering from catarrh of the stomach which was so acute that she could not sleep, Mrs. Mary A. Ruch, of Burlington, Kansas, was completely cured by Duffy's Pure Malt Whiskey.

Mrs. Ruch, who is in her 70th year, says she cannot say too much in praise of this great medicine which restored her to health and she recommends it to everyone who suffers from catarrhal trouble or general debility.

"It gives me great pleasure to recommend your pure malt whiskey for catarrh of the stomach. I was troubled for some years, could not sleep on account of hawking and spitting. When I took your malt whiskey I commenced to rest and broke up a severe clinging cold, which had lasted for weeks, in a very short time. I think there is nothing better. I am opposed to and never could take whiskey, but Duffy's Pure Malt Whiskey tastes so different from any other, I cheerfully recommend it to all in need of a tonic or for any of the above complaints. I am 69 years of age. With thanks, I am, MARY A. RUCH," Burlington, Kansas, Jan. 28th, 1907.

Duffy's Pure Malt Whiskey

is distilled wholly from malted grain by a most expensive method which has never been made public and this private process insures quality and flavor. Its age, softness, palatability and freedom from those injurious substances found in other whiskeys make it acceptable to the most sensitive stomach.

It acts as an antitoxin which destroys and drives out all disease germs. Its results are free from that depressing effect caused by poisoning the blood with many medicines. It is a tonic and invigorant for old and young, and its medicinal properties make it invaluable to overworked men, delicate women and sickly children. Duffy's Pure Malt Whiskey has been analyzed many times by the best chemists during the past fifty years and has always been found to be absolutely pure.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only; never in bulk. Look for the trade-mark, the "Old Chemist," on the label, make sure the seal over the cork is unbroken and that our guarantee is on every bottle. Price \$1.00. Illustrated medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

"The genuine have the name in the hem"

KAYSER PATENT FINGER TIPPED SILK GLOVES

There is no mystery about the "Kaysers" gloves, quality, fit and value, that's all. They are made of Pure Silk and Pure Dye, no "adulterated" silk, no "imitation" silk, no "mercerizing" to give artificial lustre.

The "Tips" outwear the glove. A guarantee ticket in every pair.

Miss Coffee Leaves.

Miss Helen Coffee head nurse at the City Hospital, will leave that institution tomorrow, and after visiting friends at various points will sail for England.

Well Known in Newark.

A special from Mt. Vernon stating that Biline Berbover had been fatally burned by gasoline there, will be noted with regret by many Newark people who knew her. The girl was about 16 years old and was one of the pipe organ pupils of Miss Ada Ickes formerly of this city.

Arrested for Fighting.

Joe Caldwell and Alexander Eckart engaged in a friendly wrestling match Thursday afternoon and the affair ended in a fight, when Eckart got mad and struck Caldwell. Caldwell retaliated and a general fight followed in which one of the men was chased by a crowd of men and boys. Caldwell was arrested, and later released. He was locked up to give information regarding the conduct of the crowd.

At Jamestown Exposition.

Mr. David Shaler's just returned from a trip through Indiana for his firm, the Allis-Chalmers Co., of Milwaukee, Wis. This firm is the largest in their line, machinery, in the world. Mr. Shaler is connected with the mill machinery department, and reports a great business in flour mill machinery for the great northwest. The Allis-Chalmers company's exhibit at the Jamestown Exposition is one of the big features and all lovers of fine mechanism who attend, will be highly instructed by their exhibit.

If you need a new buggy or carriage it will be to your advantage to see us. We have by far the largest stock in the city to choose from, and having purchased this stock at rock bottom prices, we are in position to give you the most for your money. Over 60 sold this season. We also offer extra bargains in harness. WEISS & PHALEN, 5-17c-4t 71 E. Main St.

The fool believes that the world is laughing with him when it is really laughing at him.

ABOUT PEOPLE

Short Personal Items Gathered During the Day.

Miss Mabel Paxton is spending a few days with friends in Mansfield.

Mrs. Clarence Ryan of the Jutlaw is visiting her parents at Byesville. Mr. W. W. Burton and son will return to Elkton City, Md., Saturday night.

Mr. Mercer of Zanesville is in town today and is stopping at the Jackson Hotel.

Miss Rose Parks of Beech street, has secured a position at the Hotel Jackson.

Mrs. Susan Church of Columbus visited in Newark and Granville on Decoration day.

J. L. Reed and H. A. Moore, both of Washington C. H., are visiting North End friends.

Ray McCullough of Coshocton is visiting with J. C. Montgomery of Tuscarawas street.

Mr. Mansel Rainey of Cambridge is visiting his brothers Harry and Jesse Rainey of Buena Vista street.

Mr. and Mrs. E. H. Wildman of 126 Dewey avenue, left here this morning to visit friends at Sandusky.

Mrs. Benjamin Wilson of First and Church streets, left this morning to visit friends at Detroit, Mich.

Miss Emma Stone, who recently returned from Franklin, Pa., accepted a position at the Hotel Ludlow.

Mr. and Mrs. J. M. Faulk of Buckingham street spent Thursday at the home of Burt Yost near Thornville.

Mr. and Mrs. Beatty of North First street, left today for Mt. Vernon to attend the funeral of a near relative.

John Morgan of Buckingham street was summoned yesterday to Pittsburg, owing to the sudden death of his sister.

Mrs. Steckel and daughter Iona of Columbus, have decided to locate permanently at 41 1-2 North Fourth street.

Ralph Wheeler, Charles Desmond, Thomas Young and Robert Davis, all of Utica, were visiting friends here yesterday.

Mr. and Mrs. Harry Gaundier and children of Pleasant City are visiting Mr. and Mrs. Harry Rainey of Buena Vista street.

Mrs. Irwin and daughter Miss Grace Davis, formerly of North Fourth and Church streets have moved to 70 N. First street.

Mr. and Mrs. Ralph Ransom, 258 North Fourth street, spent yesterday and a portion of today with friends at Columbus.

Rev. F. W. P. McIntyre, who has been the guest here of Rev. F. W. Waterson, returned to his home at Somerset, O., last night.

Mr. and Mrs. Herman T. Jensen of High street, left here yesterday for a ten days' trip to Muncie, Indiana, where they will visit relatives.

Rev. H. M. Wiesbeck left Newark this noon to attend the conference of the Ohio District of the Evangelical Synod, which convenes at St. Marys, Ohio.

Mr. W. C. Babcock and Mr. M. L. Davis and wives left yesterday for Seattle, where they will locate permanently. They are from near Thornville.

Mr. John W. Hiser, who holds a good position in a large shoe store in Shreve, Ohio, together with his family, are visiting at the home of Mr. Hiser's parents, Captain and Mrs. John Hiser, 29 Granville street. Mr. Hiser has returned to Shreve, but his family will remain here for a few days.

Mr. W. H. Tyhurst and Miss Frances Tyhurst of Pataskala and Miss Florence Belle Coulter attended the funeral of Mrs. J. W. Styers at Mt. Vernon Thursday. Mrs. Styers formerly resided in Newark and was well known to many of the older residents, her maiden name being Miss Olive Jadden. Mrs. Styers was ill for five months.

Col. J. J. Huston of the U. S. pension department, with office at Columbus, is visiting his brother, Samuel Huston of 385 North Fourth

street. It has been some time since Colonel Huston has been in this city. He arrived here yesterday and with other former Newarkers who are now residents of Columbus, participated in the Memorial day services held here.

Mr. Thomas J. Colony and Mr. John Elders spent Thursday in Newark. Mr. James McAllister of Wheeling, W. Va., was a Newark visitor Friday.

WEDDINGS.

GORDON-BUELL.

Croton, May 31—Hortford friends have received invitations to the wedding of Miss Blanche May Buell, the daughter of Mr. and Mrs. Charles L. Buell and Mr. Ora W. Gordon. The ceremony will take place June 12 at Chicago.

Many ills come from impure blood. Can't have pure blood with faulty digestion, lazy liver and sluggish bowels. Burdock Blood Bitters stimulates stomach, bowels and liver, and purifies the blood.

The Famous Sunbonnet Pictures.

This series of color pictures for passpartouting will be given free with the New York Sunday World. Every one who sees these pictures wants them. The World gave them to its city readers two months ago, and they made such a hit it has been decided to extend the pictures to out-of-town readers. The first picture next Sunday. Start in with No. 1 and get the set.

On or after June 1st, will charge at the rate of \$13.50 per month for boarding horses on account of feed and help being very high. See Chas. E. Murry. 31d3t

NOTICE TO THE CHILDREN OF NEWARK.

I want all the children who are saving the labels they get off of The National Biscuit Co.'s bread to leave their name and address at the Weiant Bakery. W. S. Weiant. 1t

THIS AND THAT

We are absolutely willing to part with May and our arms are outstretched to give our old friend June a royal welcome.

A Newark girl thinks it's bad taste to say "when is it coming off?" when she sees her friend wearing an engagement ring.

Many people pay little attention to the beginning of controversies with Roosevelt, but they always discover that there is an alleged liar in the case.

Perhaps the little green bug has been overworked by the western crop killers and it may turn out that its reputation has been more than it deserved.

Newark people are compelled, of course, to endure the name of Idlewild Park for the present season. But it is to be hoped that before another season arrives there will be a more becoming, appropriate and significant name adopted for our city's famous resort.

In view of the fact that Governor Harris is so prompt in explaining that he is not a stand-patter, it can be taken for granted that the politicians of this peculiar stripe are getting down below par.

Speaker Cannon doesn't leave off his proverbial expletive when he says the Ohio political situation is none of his business.

The Chicago Tribune is perfectly safe in making the statement it does that Senator Tom Platt will not select the next Vice President of the United States.

The astronomers figure out that Mars will come within 35,000,000 miles of the earth this summer. Mars is the most neighborly of all the planets.

It is certainly aggravating to most men when after working maybe half an hour, to give your shoes a holiday shine, the first footblack that you meet looks down at your feet and says: "Shine, Mr. Sir?"

A vaudeville artist playing at Zanesville last week, revived the old song, "I'll be happy when the summer comes again," and filled the house every night. All this talk that Zanesville people don't know a good thing when they get it, is all bosh.

Some men are not nearly so polite as their shoes would indicate.

The younger man is the more he thinks he knows about women.

Notice to Contractors.

Sealed proposals will be received by the Board of Education of the school district of the City of Newark, Ohio, until 12 o'clock noon,

MONDAY, THE 10th DAY OF JUNE, 1907.

for the construction of an annex to the high school in said city according to plans and specifications on file in the office of said Board of Education in the Auditorium Building. Said plans and specifications may also be seen at the Builders Exchange in Columbus, Ohio, and at the office of Architect Vernon Redding, Mansfield, Ohio, who will furnish the same on application.

Said bids must be sealed and filed with the clerk of said Board of Education on or before the time above mentioned, with the words "School House Bids" endorsed on the back of envelope, and addressed to the clerk of said board. Each bid shall contain the name of every person interested in the same, and shall be accompanied by a guaranty in the form of a bond for ten per cent. of the amount bid, with responsible surety, or by a certified check, payable to the clerk of said board, in lieu of a bond for the sum of five hundred dollars, conditioned that if the bid be accepted a contract will be entered into by the bidder with the board and the performance of it, properly secured by an approved bond for not less than one-fourth of the contract price. Said bond shall be made payable to said Board of Education, and blanks for the same and also for the bids may be secured from the clerk of said board. Said board reserves the right to reject any or all bids. The bids for labor and material in the work bid for, must be separately stated in the bid, with the price thereof. Bids are not to include plumbing, heating and ventilation, which will be let by separate contract.

D. M. KELLER, Clerk.

AMATEURS TONIGHT.

There will be a big list of amateur performers at the Orphum tonight, and they will appear after each performance. The success which Manager Baum has made of his amateur nights, has been remarkable and he will no doubt come up to the usual standard this evening. Some new and clever turns are promised for tonight and those desiring seats for the first performance should telephone to the box office and have them reserved.

The spectacular production Naida, is attracting considerable comment this week for its beauty and mystifying features. The scene is set on the ocean, with the immense fish apparently swimming in space, the diver, the mermaid and the dancing of the maids, is certainly very effective.

NUMBER OF SOLDIERS IN OUR CEMETERIES

Very few people in Newark have any idea of the number of soldiers who are sleeping their last sleep in our beautiful cemeteries. There are 153 soldiers' graves in Cedar Hill cemetery, 59 of them being in the Grand Army lot, and there are 34 soldiers' graves in Mt. Vernon cemetery making a total of 193 soldiers buried in the two cemeteries.

With the aid of steam heat and electric lights vegetables and flowers are being grown in Fairbanks, Alaska.

The successful poet is one who is able to earn a living at something else.

No, Maude, dear, you can't always tell a sausage manufacturer from the links in his cuffs.

UNION LABEL

May 31 in History.

1491—Joan of Arc (Jeanne d'Arc), the "Maid of Orleans," burnt at the stake in Rouen; born 1412.

1810—Horatio Seymour, governor of New York, born in Pompey Hill, Onondaga county, N. Y.; died in Ulster 1886.

1812—John Alston Andrew, war governor of Massachusetts, born in Windham, Me., died 1887.

1855—General G. M. Mitchell, a Union veteran, died at Charleston, Ill.; born 1835.

1896—Marriage of King Alfonso of Spain and Princess Ena of England at Madrid. Bomb thrown at the royal couple while receiving an ovation narrowly missed the mark and killed 33 attendants and spectators.

The Chicago Tribune prints the allegation that the United States Steel corporation is said to be "selling rails to the Japanese government at its export price, which is \$10 a ton less than its domestic price, and is making them in strict accordance with the Japanese specifications." Rails of inferior quality, such as have been sold and laid down on the railways of the United States, will hardly pass the Japanese inspection. It will not lessen the public indignation to know that the lives of travelers are thus needlessly endangered in this country by the use of defective rails. There is something rotten in a condition that enables foreigners to come into our market and buy better rails for less money.

There is no doubt that the "stand-patters" to the last man are in favor of such a revision of the tariff as would make the Dingley duties the minimum rates upon iron, steel, lumber, sugar, wooden fabrics (100 per cent.) and other necessities of living under the new law. There is nothing mean about your genuine "stand-patters."

FOLLOWED PARADE
BOY WAS LOST

Found by Advocate Representative and Sent to His Home on Eddy Street.

Sobbing bitterly, and crying as if his heart was rent asunder, little Roy Slagle, son of a popular employe of the American Glass Bottle company, residing at 440 Eddy street, was picked up yesterday morning by an Advocate representative on East Main street.

Little Roy was lost. Like all youngsters who have martial tendencies, Roy enthused with the memorial services, and infatuated with the glitter and splendor of the parade, fell in step with the old vets and with elevated chest strove to show how the spirits of 1848 and 1861 reigned in the breast of young America.

With patriotic tread the youngster followed the paraders along their en-

Hood's Pills

After-dinner pill: purely vegetable; prompt and pleasant; easy to take and easy to operate.

Peptiron Pills

Ironize the blood, feed the nerves and build up the stomach, and give restful sleep.

the origin in all these cases: food fermented, gas formed, crowded heart, lungs, kidneys and nerves; the blood was then made of that fermented food and brought uric acid poison, and the crystals—like grains of sand—settled in muscles of back, brings lumbago; or joints, rheumatism; nerves, neuralgia; kidneys, gravel, gall bladder, gall stones; the sour food caused uric acid in stomach and the poison acid eats lining off the stomach and brings catarrh of stomach, as it will in any organ of the body where it settles; also slime accumulates in stomach and worms always breed in slime. And let me tell you all who have catarrh of stomach have stomach or tape worms. Our Dr. Jackson's Worm Powders remove all kinds of worms; no taste, easy to take, no physic need follow. Our Digestive and Liver Powders contain what is lacking in these weak stomachs and in powder form dissolve the moment they reach the stomach, where capsules, tablets, or pills will not in raw, weak stomach, too weak to dissolve the food, in bulk you can afford to take dose sufficient to throw off the gas, remove the pressure and stop fermentation of food and convert food into pure blood and nature heals.

If the patient is weak, to get good start I recommend a bottle of Dr. Jackson's Blood and Nerve Tonic. They act on kidneys, and throw off the poison made, tone nerves and above all bring appetite, and powders make blood out of food and nature heals. This is the Common Sense answer to—Why we cure and all others may have failed.

I want all young ladies to write me if they want to know how to gain clear complexions, and robust forms. Young men to become athletes, and be a man in every sense of the word. In fact all to write for any advice an old experienced physician is able to give, all free of charge, and glad to do it, as my whole life has been spent on the study of the human system, and 30 years in active practice, and the rest of my days I will give people all who ask, the benefit of how to preserve the health or regain it if lost. All free of charge. Address,

SHOCKING CASE OF DEPRAVITY IN YOUNG BOY

WHO WAS ARRESTED ON THE CHARGE OF BURGLARY FRIDAY.

Probate Judge Brister Sends Youthful Offender to Lancaster—News of the Courts.

One of the most shocking cases of youthful depravity that ever came before the Probate court was disposed of Friday morning. For some time past parties have been complaining about the mysterious disappearance of numerous articles of hardware from their homes and shops and all efforts to locate them were fruitless. Finally Officer Brooke was detailed on the case and this morning succeeded in arresting Harry V. Lee, the 10 year old son of Mr. and Mrs. Thomas Lee who reside on East Locust street, and who is charged with having committed numerous small burglaries in which tools of all kinds were stolen. Mr. Fred Skinner, who resides at 30 North First street, reported that some one had broken into his workshop by tearing off a portion of the roof and had stolen a lot of tools, including hammer, chisels, wrenches and hatchets as well as various other things. Officer Brooke was not long in striking a trail and Friday morning arrested the boy at his home and took him before the Probate court where an awful state of affairs was developed. It was shown from the boy's own story that he had been in the habit of taking anything portable in the way of iron that he could find and selling it to a junk dealer in this city, one of his raids having netted him the munificent sum of six cents. Mr. Hulshizer of the Hulshizer mill, estimates that at least \$10 worth of iron nuts, bolts, engine keys, steel keys, latch keys, etc., had been taken from this premises.

When the boy was brought into the court room he presented a most deplorable appearance and he looked as though he had not been given a bath for six months. The first thing the court did was to give him a bath, and then he sentenced him to the Boys' Industrial Home at Lancaster.

Alleged Delinquency.
M. R. Elliott filed affidavit in the Probate court that Fred Bowers aged 12 years, was a delinquent, and that he had sworn at and called him and his wife bad names and had also sworn at them and that in addition he had stolen a chicken. The boy pleaded guilty to calling the man names, but denied the charge that he had stolen the chicken. The judge gave the boy a good lecture and some fatherly advice and dismissed the case.

Habitual Truant.
Adam Barnes, a small boy aged between 8 and 14 years was arrested on the charge of habitual truancy and the case was set to be heard before the Juvenile court Friday morning, but owing to pressure of other business was continued until Saturday morning at 9 o'clock.

Adjudged Insane.
John Burke, a former prominent telegraph operator in the employ of the B. & O. railroad company, who has been suffering from mental derangement for some time, was adjudged insane by Probate Judge Brister on Friday morning. The affidavit was filed by Dr. Willard Rank, and it developed that the unfortunate man was suffering from delusions of a financial nature. He was taken over to the State Hospital Friday morning by Deputy Sheriff Hindel. William Burke, a brother, accompanied him to the hospital.

Case Dismissed.
Recently Charles Diehl obtained a decree of divorce from his wife, Mary Diehl, on the ground of infidelity and gross neglect of duty. Several days ago the divorced wife came into court and said that the children were being neglected. Friday in answer to a summons issued by the court, Mr. Diehl appeared before the judge and proved that there was nothing in the charge. He brought the children with him. They were all well dressed and clean and none of them had any complaint to make. The case was dismissed.

To Probate a Will.
Application was made to probate the last will and testament of Martha Goff, deceased, of Washington township. The will was admitted to probate and the rest of his waying summons to appear.

In Common Pleas.
In the case of the State of Ohio vs. David Hukill the defendant came into court Friday morning and changed his plea of not guilty of grand larceny to guilty of petit larceny. He was charged in the indictment with the larceny of a quantity of carpenter's tools in June, 1905. The defendant had been engaged in repairing stoves and other articles in the rear of his residence, and the goods were found in his possession. He now resides in Columbus, and had been in no trouble before. The court

AN OLD CITIZEN TALKS OF WEATHER

An Advocate reporter was talking Friday with one of our older citizens, and the conversation turned on the prevailing unsettled weather conditions. It was stated, among other things, that the murky blue haze that has been noticeable for some time to close observers of weather conditions, obtained for some time before the great freeze that occurred in June, some 49 years ago, when every thing was literally wiped out by the cold. That certainly was a trying time, for everything had to be replanted, and as the season was so short very little stuff could be raised. There were no shipping facilities then either, and in some places the suffering from hunger and cold was intense. Some people got desperate and resorted to stealing to relieve their distress, which often put those whose stuff was taken in the same dire straits. For instance one family that went into the winter fairly well provided, had their meat, canned fruit, and harvest time butter stolen, and to cap the climax, the family cow died. Here's hoping anyhow, that this generation will not get tangled up with the weather the way our grand-dads did.

Graves of more than 5,000 Union soldiers buried at Winchester, Va., were decorated by members of the Ladies' National Memorial league.

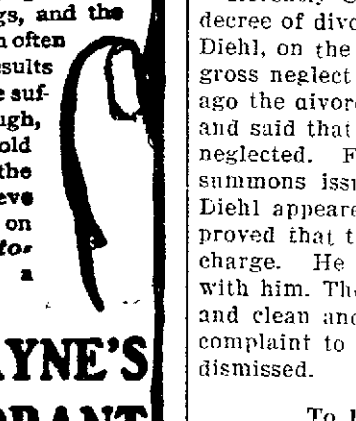

Strengthen Your Lungs

A cough or a hanging-on cold weakens your lungs, and the strain put upon them often bears serious results later on. If you are suffering from a cough, congested cold or pain in the chest, relieve the strain on your lungs today—get a bottle of

DR. D. JAYNE'S EXPECTORANT

Dr. Jayne's Tonic Vermifuge is a gentle and effective tonic. Particularly good for children—keeps them in good health and cures Worm Cures.

desired to make some further inquiry into the matter and postponed sentence. Bolton, Smythe and Smythe.

State of Ohio vs. David Hukill, plea of guilty of petit larceny, sentenced to pay fine of ten dollars and costs and stand committed until paid.

The court and jury were engaged Friday in listening to the testimony in the case of John H. Hawley vs. Wason Price, which is a suit to determine the location of the dividing line between the farms of plaintiff and defendant, in Lima township. The line has been in dispute for some time, and the question will be determined by the jurors now hearing the testimony. Kibler & Montgomery; Smythe & Smythe.

In the case of the State of Ohio vs. J. L. Hampton, indicted for bribery, by consent, the case was continued. Kibler & Montgomery.

Suit to Restrain.
Frank Myers has commenced suit in the Common Pleas court against Frank Vermillion, William H. Weekley, Henry Duncan and James P. Drum. He says that the defendants are trustees of Hopewell township, and that Drum is superintendent of roads in District No. 1. Plaintiff said that a basin containing four or five acres of land, lies at the south end of his premises; that there is no natural outlet for carrying the water therefrom. He says that there has always been along the east side of his premises an embankment of sufficient height to prevent the water from running down the road, and from running into the basin, and that the embankment has been there for 40 years or more. He says that defendants threaten to cut and will, unless restrained by the court, cut the embankment in several places at the south end, next to the Newark and Zanesville road, and thereby turn the water which sheds east and west of plaintiff's premises, on to the premises of the plaintiff and into the basin on low land. He says that if the water is turned into the basin, it will greatly endanger the health of the plaintiff and his family, and that it will work irreparable damage to him and his property.

He asks that defendants be restrained from cutting the bank or turning the water on to plaintiff's premises, or from interfering in any way with plaintiff's use and enjoyment of the premises and for all other relief.

A temporary restraining order was issued by Judge Seward as prayed for. Norpell & Norpell, attorneys for the plaintiff.

Real Estate Transfers.
Cyrus J. Peters and others to John W. Dennis, real estate in Lima township, \$1.

The Newark Real Estate and Improvement company to David D. Parr, lot 4948 in the Newark Real Estate and Improvement company's second addition to Newark, \$1 and exchange of property.

UNEXPECTED PLUNGE INTO BUCKEYE LAKE

Mr. Arthur C. Hatch, the genial general manager of the American-Tribune, owns a fine launch, which carries his family and friends across Buckeye Lake to the Hatch cottage on the south shore of the lake. On Decoration Day Mr. Hatch was enjoying a ride over the lake in his boat when for a moment the engine balked, and all engines do once in a while. In adjusting the machinery before proceeding on his way, a stiff breeze came along and tossed the boat so that Mr. Hatch lost his balance.

He didn't cry "Come on, boys, the water's warm," for it wasn't. Fortunately the mishap resulted in no damage though he was obliged to head in to shore and change his costume.

DESTROYERS

Soon to Engage in a Race Along the Atlantic Coast.

New York, May 31—Vessels coming along the Atlantic coast next Thursday are likely to catch fleeting glimpses of one of the most remarkable races ever run in those or any other waters. Driven to their topmost speed, under full service conditions, with forced draft under all four of their boilers, the six torpedo boat destroyers, comprising the second destroyer flotilla, attached to Rear Admiral Evans' north Atlantic squadron, will try conclusions over a race course 240 miles long, beginning off the Scotland Lightship and ending at the Cape Charles Lightship on the Virginia coast.

Auto Record Broken.
Washington, May 31—The world's automobile racing record for 100 miles on a circular track was broken when Wallace C. Hood of Baltimore won over several contestants in the century run at Benning, D. C., at the first national automobile meet given under the auspices of the United States Motor Racing association. Hood's time was 2:12:43. He drove a sixty horse power machine.

Love is a lesson we all learn by heart.

MRS. MCKINLEY'S DEVOTION.

Mrs. Herriek Tells How Former President Was Inspired by His Wife.

It is not generally known that Mrs. William McKinley guided her husband to a large extent in his duties when he was president. A statement made by Mrs. Myron T. Herriek, wife of the former governor, when she received a photograph from Mrs. McKinley a short time ago, shows that this was the case, says a Cleveland special dispatch to the New York World. Mrs. Herriek at that time said the gift was from "one of the noblest and truest women in the world." Continuing, she remarked:

"When Mr. McKinley was governor of Ohio he did his work in the next room and was always near her. Ever since she became an invalid he used to attend her as if she were a child. But the devotion of Mrs. McKinley for her husband was equally great. The overshadowing prominence of the president placed him before the public as a man of great devotion toward his helpless invalid wife, but there was another side. The personal friends of both Mr. and Mrs. McKinley do not believe that he could have attained such political victories had it not been for the guiding care of his faithful wife. Some of them say he would never have become president but for her."

"There was no nervous fear of the outcome of the campaign. He would win because he deserved to win. That was always her motto, and it tided the president over many a difficulty. She was an inspiration to him in times that tried men's souls. Her hope never faltered, never wavered. When the strain of the campaign was heaviest, there was that brave soul, that winsome, happy face, to cheer him along to further effort. Another wife, I fear, would have failed and President McKinley would not have become great. "Whenever a responsible position was to be filled in the government and the president needed the best man possible, he consulted his wife before making the appointment. Her intuition in such matters was wonderful. Although an invalid, Mrs. McKinley's intellect was keen. Once when the president was making a speech in Boston his wife asked why he had omitted a certain part. He was surprised that she had noted the omission. I learned afterward that he invariably read his speeches to his wife before delivering them."

"Mrs. McKinley has never been herself since the great tragedy that darkened her life."

PIG RAISING IN A PARLOR.

Ohio Farmer to Prove Swine Are Cleanly by Nature.

The hog is by nature cleanly and needs only opportunity for culture to uplift him to a plane of refinement high as that attained by any other animal. Such at least is the belief of R. K. Rutter, a farmer who lives near Andrews, O., according to a dispatch from Lexington, O., to the New York World. He will demonstrate his theory.

Five small piglets will be plucked from the mire, placed in scrupulously clean quarters and given the choicest potato peelings and expurgated swill, washed down with a couple of horns of apollinaris from the well. They will be bathed daily in Rutter's bathtub. Six months of this life will the swine live. At the end of the term they will be conducted back to their pristine mud.

Rutter declares they will shun it as the pestilence and scurry back to the upholstery, decking off the debasing soil from their manured toes with a rose water scented bristle.

PAPER BASEBALL BATS NEXT.

White Hickory and Ash Getting Too Expensive, Says a Salesman.

"The home runs of future baseball games will be knocked out with paper bats," Joseph Taggart, a baseball bat salesman, said to a reporter of the Kansas City Star at the Hotel Baltimore the other night.

"White hickory and ash from which ball bats are now manufactured are getting scarce, and the process of seasoning the wood is long and tedious. It requires three years to season the white hickory and ash. The wood cannot be kiln dried, so that with the long process and the scarcity of timbers bats are getting higher in price every year. But the corner lot slugger must have a cheap bat, and that is what the manufacturers are trying to make of paper."

Novel Effect in Landscape Gardening.

"I shall introduce this year," said a landscape gardener to a reporter of the Philadelphia Bulletin, "two novelties on the grounds of a Newport millionaire, a floral clock and a revolving flower bed. The clock is to be a circle twenty feet in diameter. The face will be of glass. The hands will be of white carnations. The numbers will be red roses, pansies, heliotropes, and so on. This clock will work electrically, and of course the mechanism will be concealed. Will it keep good time? Oh, the best. I made an experimental one last week that only varies eighteen seconds a day. The revolving beds will be a feature of a sunken garden. There will be four of them, each twelve feet square, and they will revolve electrically at a revolution a minute. These novelties will be the first motion pieces ever introduced into American landscape gardening."

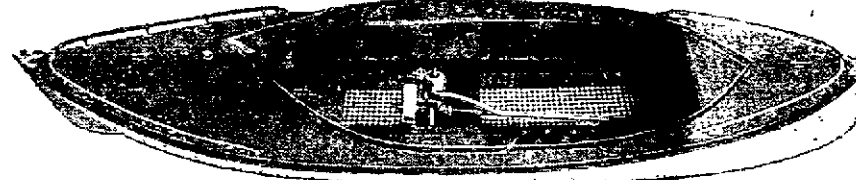

Lincoln Gift to an Iowa University. Mrs. Robert T. Lincoln, according to a dispatch from Mount Pleasant, Ia., has presented to Iowa Wesleyan university the mansion of her late father to be used as the home of the president.

SAIL BOATS FAIL TO RACE ON ACCOUNT OF LIGHT WIND AT LAKE

James T. Haynes' Motor Boat, "The Edith" Won Buckeye Lake Park Event-- Utica Man Wins Second Place in Another Event.

The Memorial day regatta of the Buckeye Lake Yacht club was held Thursday at Buckeye Lake. Although the day was beautiful, the sailboats failed to make a start owing to a lack of wind.

The power-boats, however, raced both in the morning and afternoon.

THE EDITH.

Beautiful power boat owned by James T. Haynes of Newark. This boat won first place in the Buckeye Lake Park event for which a silver cup was offered by Messrs. Johns and Cochran.

The morning race was over a nine-mile course, starting and ending at the club island. The course was from starting line to Summerland beach turning stake, then to Shell beach and then across the line. The race was twice around the course. There were three prizes awarded in this race as follows:

First—A silver cup, won by Avonell III, Prof. G. F. Earnest of Columbus, owner.

Second—Club pennant, won by Justine, Edward Percoll of Utica, owner.

Third—One year's subscription to "Fore N Aft," won by Nippissing.

BOYS CAMP SITE DECIDED

The boys of the Y. M. C. A. will camp on the Painter Farm, about ten miles from Newark. The camp site is beautifully located in a valley. One would have to search a long way before finding a better location for a boys' camp. The little runs abound in crawfish, chubs, punkies and perch. There is a very good swimming hole near to the camp site, in fact, one could not manufacture a better location adapted to the purpose than this natural gem of a boys' camp grounds. The gymnasium leaders, assisted by some of the best talent in Newark, are working up a fine high grade vaudeville which will be given Friday, June 7th. This entertainment is for the benefit of the Boys' Camp and by the way tickets are selling the vaudeville and camp both promise to be a financial success. All the citizens interested in seeing the little fellows have the time of their lives can greatly help this venture by purchasing tickets to the Boys' Camp Vaudeville.

ATTENTION CARPENTERS.

There will be a special meeting of Carpenters' Local 136, Friday evening, May 31 at 7:30 o'clock at the Trades and Labor hall. Every member should be present, as there will be business of importance. By order of committee. W. H. Litten, chairman. 30-2t

Having withdrawn from the firm of O'Hara Bros., dentists, I will be located after June 5th, in the office formerly occupied by Dr. A. W. Beard, over Ed. Doe's, West Side Square. 5-28dtf DR. C. D. O'HARA.

To Cure Rheumatism

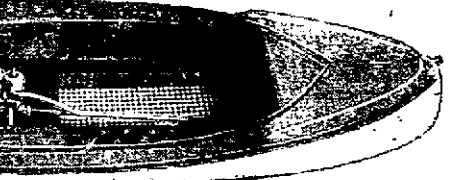

The excessive accumulation of uric acid must be eradicated from the system. Dr. Miles' Nervine used as directed for rheumatism, is alkaline in nature. It neutralizes this acid, and its soothing effect upon the irritated condition of the nerves relieves pain and induces sleep and rest.

"I was suddenly taken with a severe pain in my foot. My physician could not tell what was the trouble. In a few days I had the same trouble in the other foot. I was so crippled that I could scarcely walk and at times I had to crawl on my hands and knees from my bed down stairs. After having my shoes on for an hour or two I could manage to walk by suffering the pain. I suffered more or less all summer, and tried almost everything but got no relief. Then I began to have pains all through my system. My doctor told me I had an acute attack of inflammatory rheumatism. I was in the hospital for weeks, but I was scarcely able to walk when I left it. I read about Dr. Miles' Nervine, bought a bottle and also wrote the Miles Medical Co. for advice. They advised me to add salicylate of soda to the Nervine, and I commenced to get better from the start and for the past six months have scarcely any pain, and am able to walk as well as ever."

JAS. H. SANDERS, P. O. Box 5, Rockaway, N. J.
Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Fred Speer of Newark owner. Time—Avonell III, 32 min. 10 sec.; Justine, 35 min., 50 sec.; Nippissing, 38 min., 45 sec.

The afternoon race was over a 10-mile course and started and finished at Buckeye Lake park dock. The course was from the starting line to Summerland beach turning stake and

THE EDITH.

Beautiful power boat owned by James T. Haynes of Newark. This boat won first place in the Buckeye Lake Park event for which a silver cup was offered by Messrs. Johns and Cochran.

The morning race was over a nine-mile course, starting and ending at the club island. The course was from starting line to Summerland beach turning stake, then to Shell beach and then across the line. The race was twice around the course. There were three prizes awarded in this race as follows:

First—A silver cup, won by Avonell III, Prof. G. F. Earnest of Columbus, owner.

Second—Club pennant, won by Justine, Edward Percoll of Utica, owner.

Third—One year's subscription to "Fore N Aft," won by Nippissing.

MANY ROUNDS OF SLUGGING

Men Fought Each Other All Over the Ring, Marvin Hart's Seconds Throwing Up the Sponge in the Twenty-first Round—Terse Review of the Big Mill.

Tonopah, Nev., May 31. — In the twenty-first round of the mill between Mike Schreck of Ohio and Marvin Hart of Kentucky, for the heavyweight championship of the world, Hart's seconds threw up the sponge. Marvin Hart broke his right wrist in his fight with Gardner, and three days ago, it is claimed, he broke it again while training. The member went back on him after the sixth round, but he fought like a demon until in sheer mercy his seconds threw up the sponge.

Hart was the aggressor nearly all through, and in the eighteenth round he came near putting Schreck away. But there were no spots on the work of Schreck. He was there all the time

MIKE SCHRECK, Clever Ohio Pugilist, Winner of Battle For the Heavyweight Championship of the World.

and administered severe punishment to Hart. There were, in fact, only two rounds that the men stalled. The eighteenth, nineteenth and twentieth rounds were the fiercest of the score. There was not so much science as there was slugging and the men fought each other all over the ring, swinging, jabbing, upper cutting of the head, jaw and the body. In the twentieth only the spong saved Hart from the terrific onslaught of Schreck. In the middle of the twenty-first round the sponge was thrown up, much to the surprise of everybody.

When the news was learned that Hart had been hurt there were cheers for his pluck. He declared that Schreck had not hurt him, and that he would have finished him but for his wound breaking out afresh.

Barney Reynolds, manager for Bill Squires, the Australian, was at the ringside and stated that his man was ready to fight anybody in the world under proper inducements, the winner of this fight preferred.

The growth of the rubber trade of Ceylon has been phenomenal. The total of Ceylon-grown rubber was 168,247 pounds in 1906, which rose to 227,028 pounds in 1907.

FINGERS CRUSHED AT STONE QUARRY

W. H. Arnold, a B. & O. Brakeman, Meets With a Serious Accident Near Black Hand.

W. H. Arnold, of Buena Vista street, a well known B. & O. railroad brakeman, had the misfortune to meet with a very painful accident near the Everett stone quarry, eight miles east of this city. He was endeavoring to make a coupling with his gloves on his hands, when he discovered some gravel in the joints of the coupling. While attempting to remove it the engine backed his engine and the cars coming together caught his left hand and crushed the little finger and the one next to it to a pulp. He pulled off the glove and the fingers with it and threw them to one side of the track. He was taken to the Newark Sanitarium where the injured member was attended to by Drs. Shirer and Barnes.

SHOES FOR DRESS WEAR

It is the light shoe of the best quality of leather that gives the greatest satisfaction. And it is so much more enjoyable to wear light shoes. They save a large amount of daily fatigue and they contribute to an elastic, graceful carriage, as women well know. The "Dorothy Dodd" is the lightest of all shoes for women. Try on one pair and see for yourself. You are always assured of its being inexpensive. These beautiful Oxfords sell at \$3.50 and \$3.00 per pair.

LINEHAN BROS.

Dandelion

A SIMPLE REMEDY FOR LIVER TROUBLE AND BILIOUSNESS.

Guaranteed under the Pure Food and Drugs Act, June 30, 1906, Serial No. 337. The liver is a wonderful organ, always at work filtering, purifying and manufacturing ingredients necessary to life. It is the central laboratory of the body. It plays the part of a natural poison antidote. The poison contained in the decomposing food and waste of the body are arrested by it and rendered harmless. The liver is the seat of manufacture of bile, a fluid that keeps sweet the intestine and aids to digest food. Healthy bile is an antiseptic and when deficient or absent the contents of the bowels become putrid and full of poisonous matter. You can always keep your liver in a healthy condition by using Dr. Edward's Compound Dandelion Tablets or Pills. They act directly upon the liver and produce a healthy flow of bile. Sold by all Druggists, 25c; Schenck Chemical Co., Manufacturers, 54-56 Franklin St., New York, and

Sharon	11	11	.500
New Castle	11	12	.478
Lancaster	11	14	.440
Mansfield	4	17	.190

THURSDAY'S RESULTS.

Newark 2-0, Lancaster 1-2.
Sharon 3-5, Mansfield 1-1.
New Castle 1-1, Youngstown 3-2.
Akron 1-3, Marion 0-2.

TODAY'S GAMES.

Youngstown at Akron.
New Castle at Sharon.

TOMORROW'S GAMES.

Newark at Lancaster.
Mansfield at Marion.
New Castle at Sharon.
Youngstown at Marion.

Newark broke even with the Lanks in the two games played at Wehrle Park Decoration day, winning the morning game by a score of 2 to 1 and losing the afternoon event by a score of 2 to 0. Both games were featured by good pitching. Newark got but four hits in the morning and three in the afternoon. Pitchers Johns and Justus worked nicely during the entire game, except Justus, who was wild in the first two innings. Both crowds were good sized Thursday, the morning game being played before 843 people. In the afternoon the official figures are 1890. The counter attractions at Buckeye Lake took many fans from the game, many of them arguing that they could see a ball game any Sunday, while the Decoration day events at the lake did not take place any time.

Umpire Steinberg, one of the new officials in the local league, worked in the game and though his work was not above criticism from both sides, the hundred or so Lancaster fans who witnessed the game were loudest in their condemnation of the official. Even the newsmen in the press box were vicious in their remarks about the umpire, though they must know that all they could say or do would not better the conditions one whit. Umpire Steinberg, worked as well as any of the other arbitrators who have officiated here.

MORNING GAME.

Linke opened the morning contest and the hearts of the local fans almost stopped beating when Frank Locke smashed out a double to left field after one man was down. Some sensational fielding by Schweitzer helped matters though, and as Locke left second before the Cheese Man caught the ball, he was doubled.

Again in the second things looked gloomy for Newark. Servatius got a scratchy single to right field and as he was loafing around first, Linke heaved the ball to Gygil, the sphere going away over his head and in the bleachers. The Spaniard camped on third before the ball was returned. He scored later on Nefean's single to left.

That was all for Lancaster. Murray counted Newark's first run in the seventh. Havel had opened with a bingle and Murray tried to sacrifice, but Havel was caught at second. Gygil smashed one to center field which scored Murray. Spanish Servatius made a slight fumble in fielding the ball and Murray came home. Gygil going to second. Gygil got credit for a double and the Spaniard an error in the official dope book.

In the eighth, Newark won the game by some daring base running. Linke was an easy out and Snyder fled to Locke in left. Wratten walked and took second on Schweitzer's

S.S.S. REMOVES BLOOD HUMORS

When the blood is pure and healthy the skin will be soft, smooth and free from eruptions, but when the blood becomes infected with some unhealthy humor the effect is shown by rashes, eruptions, boils and pimples, or other disfiguring and annoying skin disease. The skin is provided with countless pores and glands which act as a drainage system to rid the body of impurities through the perspiration that is constantly passing through these little tubes. There are other glands that pour out on the skin an oily substance to keep it soft and pliable. When the blood becomes filled with humors and acids these are thrown off through the pores and glands, burning and irritating the skin and driving up the natural oils so that we have not only Acne, Eczema, Salt Rheum, etc., but such dry, scaly skin affections as Tetter, Psoriasis, and kindred troubles. The treatment of skin troubles with salves, washes, lotions, etc., is not along the right line. True, such treatment relieves some of the itching and discomfort and aids in keeping the skin clear, but it does not reach the real cause of the trouble, which are humors in the blood, and it can therefore have no real curative effect on these skin affections. S. S. S., a gentle acting and perfect blood purifier, is the best and quickest treatment. It goes down into the blood and removes the humors, fiery acids and poisons from the circulation, cools the overheated blood, and by sending a fresh stream of nourishing blood to the skin permanently cures skin diseases of every character. S. S. S. is made entirely of health producing roots, herbs and barks, and is an absolutely safe remedy for young or old. S. S. S. cures Eczema, Acne, Salt Rheum, Tetter, Psoriasis, and all other disagreeable and unsightly eruptions of the skin. Special book on Skin Diseases and any medical advice desired furnished free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

difficulty. Locke got a hit and went on to score on Webb's throw to the first sack.

Elston drove a long fly to right field. Smith ran clear to the fence to get under the ball. He turned and the big leather settled into his mit but bounced out again and Elston was safe. Smith threw to Haval, who fumbled the ball and Locke went home. Servatius got hit in the ribs and Nefean hit to Murray, who caught the ball from under Servatius' feet as that man passed him. He tagged the Spaniard and threw to first to catch the Indian, but Gygil dropped the ball and Nefean was safe. Rafkis fanned and the scoring ended.

In the ninth, Humphreys singled and Piper sacrificed but Justus and Brown hit long flies and the game was over. Score:

Newark— ab. r. h. po. a. e.
Snyder, lf 3 0 1 0 0 0

Time—1:40.
Umpire—Steinberg.
Attendance—1890.

Sharon 5, Mansfield 1.

Sharon, May 31—Sharon shoved Mansfield deeper in last hole by taking both games yesterday. The visitors used three pitchers in the first game, Cooper and Henderson being yanked out in the first on account of their wildness. The second game was a pitchers' battle in which Burwell carried off the honors. Score:

Morning game: R. H. E.
S 5 0 0 0 0 0 0 x-5 7 1
M 0 0 1 0 0 0 0 0-1 5 1
Batteries—Malarky and Mattison; Cooper, Henderson, Yarnell and Amster; Umpire—Latham.

Afternoon game: R. H. E.
S 1 0 0 0 0 0 2-3 5 2
M 0 0 1 0 0 0 0 0-1 4 1
Batteries—Burwell and Meehan; Buckholz and Breymeler. Umpire—Latham.

Akron 1, Marion 0.

Akron, May 31—Almost four thousand people saw Akron walloping Marion yesterday afternoon. Manager East's bunch took the morning game, 1 to 0. Buff Elman allowed only four scattered hits and the matinee session was won 3 to 2. Jack Kennedy was relieved by Armstrong in the sixth inning of the afternoon game. His poor condition made it impossible for him to go further. Score:

Morning game: R. H. E.
A 0 1 0 0 0 0 0 x-1 6 0
M 0 0 0 0 0 0 0 0-0 4 1
Batteries—Elman and Lalonde; Lucas and Luskey. Umpire—Hart.

Afternoon game: R. H. E.
A 1 0 0 0 0 1 0 0-2 6 4
M 0 1 0 1 0 0 1 x-3 3 1
Batteries—Shafer and Luskey; Kennedy, Armstrong and Orlieb. Umpire—Hart.

Youngstown 3, New Castle 1.

New Castle, May 31—Although held down to only one hit Youngstown won here yesterday morning by two bases on balls, two wild throws and its timely single, with McAleese base running. Score:

R. H. E.
New Castle 0 0 0 0 0 0 0-1 5 3
Youngstown 0 0 0 0 0 2 0 1-3 1 0
Batteries—Stern and Brigger; Compton and Ostdeik; umpires—List and Bannon.

Youngstown 2, New Castle 1.

Youngstown, May 31—Before over 5,000 people, the greatest crowd that ever saw a game in this city, Youngstown beat New Castle 2 to 1 yesterday afternoon. Both sides yielded in great style. Score:

R. H. E.
Youngstown 0 0 0 0 2 0 0 x-2 6 1
New Castle 0 0 1 0 0 0 0 0-1 3 1
Batteries—B. Thomas and Redman; Bowers, Hawk and Murphy; umpires—List and Bannon.

NEWARK PROFITS BY POOLING OF HOLIDAY MONEY

Attendance figures given out on the various O-P sides where games were played Thursday show that nearly 20,000 people saw games played in this fast minor league. At a rough estimate the total receipts will amount to something like \$1800, which will be divided among the eight clubs of the league. Thus Newark will receive about \$600. This with the receipts from the grand stand, which will amount to something over \$100, brings Newark's total receipts from yesterday's game to about \$700.

With Newark's attendance figures as given out at the gate yesterday, 2,733 people saw the game. Thus the gate receipts must have been \$683.25, which together with the grand stand receipts estimated at \$100, would make Newark's total about \$783.25. If the money was divided here, Newark would have turned over to Lancaster \$273.20, retaining about \$410 as the local club's share of the receipts. Thus Newark makes about \$200 by pooling the receipts. The attendance figure follow:

Newark (morning) 843
Newark (afternoon) 1,890
Sharon (morning) 1,010
Sharon (afternoon) 1,750
New Castle (morning) 514
Youngstown (afternoon) 2,000
Akron (morning) 2,000
Akron (afternoon) 3,900

29 0 3 27 15 5

after Davis was grabbed, but there was nothing unfair about the delivery. Pruitt used about the same motion that Giffith and Callahan used to find so helpful in catching runners off first.

It wasn't as good a motion as Altrock uses, but it worked because the Sox didn't know the twirler and were not looking for anything so fancy. They "wised up" after Davis was nabbed and no amount of throwing to first could get any more runners.

AFTER SUNDAY GAMES

Lima, O May 31.—Negotiations are now on between the owners of the Lima baseball park and the Mansfield franchise holders in the O. and P. league for the transfer of all Sunday games of that club to this city, the first games to be played on June 16. Local fans are not enthused over the plan, but do desire a franchise for Lima in that league. Independent Sunday ball will be inaugurated here this week, a strong team having been formed.

SHARON FIRST TO "SWOP HORSES"

Manager Kling Resigns His Sharon Position and Goes to St. Louis

(Special Telegram.)

Sharon, Pa., May 31.—Manager Kling, who has been at the head of the Sharon team since the opening of the season, has resigned his position on account of a bad leg which has been bothering him since he reported here. He will take a good position at St. Louis, where his home is. Van Patterson, who has been playing first base for the Medicine Men, has been made manager in Kling's place. Kling's relations with the club owners have been very congenial. Sharon is the first club to "swop horses" in the O-P league race.

KENYON AT GRANVILLE

The Kenyon College team is playing at Granville this afternoon.

MERIDITH WON

The Meridith team went to Mt. Vernon Thursday and won a game from the semi-professional team there. The score stood 7 to 6 in favor of Newark when the contest closed, and young Jake Winters, the pitcher for the Meridith team, covered himself with glory. He allowed the Mt. Vernon team but four hits, and though there were numerous errors behind the man he won his game. Score:

Newark 0 2 0 0 0 0 3 2-7
Mt. Vernon 1 0 0 0 0 1 0 0-3 5
Batteries—Winters and McCarthy; Chapman, Hubbard and Wuchner.
Hits—By Mt. Vernon 4, Newark 8.
Winters fanned 11 men and played a great game in the field. Pitcher Chapman, the Mt. Vernon box man, was brought from Toledo to pitch the game. He got a two base hit in the ninth inning with the bases full, scoring three men.

Saturday the Meridith team goes to Utica to play there. Sunday the Meridith team will play the old King company team at Idlewilde Park.

Cornell Defeats Harvard

Ithaca, N. Y., May 31.—Cornell's varsity eight-oared crew defeated Harvard by three-quarters of a length in a thrilling two-mile race on Lake Cayuga. The official time was: Cornell 11:01; Harvard 11:03-4.

RESOLUTION NO. 1789

Declaring it necessary to improve Fulton Avenue, from the first alley north of West Main street to Camp street, and an alley to Bowers street, thence North on Bowers street to Racoon Creek, by constructing a Drainage Sewer therein.

Be it resolved by the Council of the City of Newark, State of Ohio, three-fourths of all the members elected thereto concurring:

Sec. 1. That it is necessary to improve Fulton Avenue, from the first alley north of West Main street to Camp Street, thence East on Camp street and an alley to Bowers Street, thence North on Bowers Street to Racoon Creek, by constructing a drainage sewer therein, in accordance with the plans, specifications, estimates and profiles of the proposed improvement prepared by the Civil Engineer, now on file in the office of the Board of Public Service, which are hereby approved, and which shall be open to the inspection of all persons interested.

Sec. 2. That the materials used in the construction of said improvement shall be 12 and 10-inch vitrified clay sewer pipe for the main sewer, 6-inch house connections, brick man-holes, catch basins, inlets and lamp holes with proper cast iron covers.

Sec. 3. That the whole cost of said improvement, less one-fifth thereof and the cost of intersections shall be assessed upon the lots and lands abutting upon the proposed improvement, and which said lots and lands are hereby determined to be specially benefited by said improvement and the cost of said improvement shall include the expense of printing and publishing notices, resolutions and ordinances required, and the serving of said notices the cost of construction together with the interest on the same as determined by the collection of deferred assessments, and all other necessary expenses.

Sec. 4. That the assessments so to be levied shall be paid in 10 semi-annual installments with the interest on the deferred payments at 5 per cent per annum, provided that the owner of the property assessed, may at his option pay such assessments in cash within thirty days from and after the passage of the assessing ordinance, to the City Treasurer, in which case said cash assessments shall not include any item of interest upon bonds to be issued in anticipation of the deferred installments of assessments.

Sec. 5. That bonds of the City of Newark, Ohio, shall be issued in anticipation of the collection of assessment by installments, and in the amount equal thereto.

Sec. 6. That the remainder of the en-

Your Hair Going?

Mayor.

RESOLUTION NO. 1790

Declaring it necessary to improve Hoover Street, from North Fourth Street, to Buckingham Street, by constructing a 15-inch tile sanitary and drainage sewer therein.

Be it resolved by the Council of the City of Newark, State of Ohio, three-fourths of all the members elected thereto concurring:

Sec. 1. That it is necessary to improve Hoover Street, from North Fourth Street, to Buckingham Street, by constructing a 15-inch tile sanitary and drainage sewer therein, in accordance with the plans, specifications, estimates and profiles of the proposed improvement prepared by the Civil Engineer, now on file in the office of the Board of Public Service, which are hereby approved, and which shall be open to the inspection of all persons interested.

Sec. 2. That the materials used in the construction of said improvement shall be 15-inch vitrified clay sewer pipe, 6-inch house connections, brick man-holes, catch basins and inlets with proper cast iron covers.

Sec. 3. That the whole cost of said improvement, less one-fifth thereof and the cost of intersections shall be assessed by the foot frontage upon the following described lots and lands, to-wit:

All lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefited by said improvement and the cost of said improvement shall include the expense of printing and publishing notices, resolutions and ordinances required, and the serving of said notices the cost of construction together with the interest on the same as determined by the collection of deferred assessments, and all other necessary expenses.

Sec. 4. That the assessments so to be levied shall be paid in 10 semi-annual installments with the interest on the deferred payments at 5 per cent per annum, provided that the owner of the property assessed, may at his option pay such assessments in cash within thirty days from and after the passage of the assessing ordinance, to the City Treasurer, in which case said cash assessments shall not include any item of interest upon bonds to be issued in anticipation of the deferred installments of assessments.

Sec. 5. That bonds of the City of Newark, Ohio, shall be issued in anticipation of the collection of assessment by installments, and in the amount equal thereto.

Sec. 6. That the remainder of the entire cost of said improvement, not specially assessed, including cost of intersections, and the damage awarded any owner of adjoining lands and intersections thereof and the cost and expense of any such award shall be paid by the issuance of bonds in the manner provided by law.

Sec. 7. This resolution shall take effect and be in force from and after its passage and legal publication.

ORDINANCE NO. 1789

An Ordinance Dedicating Certain Lots in Cedar Hill Cemetery for and the Exclusive Interment and Burial of Indigent Soldiers and Sailors of the United States.

Be it ordained by the Council of the City of Newark, State of Ohio:

Section 1. That lots from sixty-one (61) to seventy-five (75) inclusive, except lot 74, in Section 12 upon the plat of Cedar Hill Cemetery and said lot 74 if the same should hereafter be re-platted by the City of Newark, be and the same are hereby dedicated, and dedicated exclusively to and for the interment and burial of the bodies of indigent soldiers and sailors in all of the wars heretofore, and that hereafter may be conducted on behalf of the United States of America, or the bodies of indigent members of the National Guard and National Guardsmen, without any charge for the use of said grounds.

Sec. 2. That said bodies of such soldiers and sailors, and members of the National Guard shall be interred and buried in said grounds without any charge for the use of said grounds.

Sec. 3. That this ordinance shall take effect and be in force from and after its passage and approval by the Mayor and legal publication.

Passed May 20, 1907.

H. ROSSEL,
President of Council.

LATEST NEWS OF BUCKEYE STATE

CANTON CITIZENS TAKING MEASURES TO PRESERVE MCKINLEY HOMESTEAD.

James McMillen is Arrested and Returned to Springfield—Endeavors at Columbus.

Springfield, O., May 31.—James McMillen, secretary and treasurer of the Building and Loan Association of South Charleston, who disappeared two years ago, has been arrested in Cedarville by Sheriff Almone and Prosecuting Attorney Laybourn and brought to jail here to answer an indictment returned by the grand jury in 1904, charging him with embezzlement of \$2,000. Since leaving here McMillen has been in Mexico and Central America, and returned here to visit his family. The sheriff learned that he was at the home of his father-in-law in Cedarville, and aided by deputies who surrounded the house, McMillen was captured. McMillen was prominent socially and for ten years was superintendent of the Sunday school in South Charleston. He was also a leader in county politics.

To Preserve McKinley Home. Canton, O., May 31.—Canton citizens discussed methods of preserving the McKinley home intact. The idea is to make a second Mount Vernon, where the furniture and gifts and paintings and statuary of the McKinnleys may be preserved, as have those of the Washingtons at the famous American mecca. Only tentative methods have as yet been considered, but there are indications that a definite movement to keep the McKinley home and its contents as they are today as a memorial of the home life of the departed president and wife, and a place where pilgrims will gather, may take shape soon. The city may purchase the property or it may be a gift from relatives and friends. Justice William R. Day is anxious to have the home preserved.

Shows Falling Off. Cincinnati, O., May 31.—The school census just completed shows a falling off as compared with last year, but authorities say this is largely due to greater care in taking the census. So great in some wards has been the decrease that a recount has been ordered. The decrease is mainly in the down town wards. In a number of the suburban wards the increase has averaged ten per cent. An increase attendance at church schools is shown. There was a falling off in the number of colored children.

Woman Fatally Burned. Columbus, O., May 31.—Burned in a kerosene explosion at her home, Mrs. Krause, 27, wife of Frederick Krause, stonemason, died seven hours later at St. Anthony's hospital. Mrs. Krause's mother-in-law, 72, sustained painful burns about her hands and arms in trying to tear the burning clothes from her daughter-in-law and to extinguish the flames in which she was enveloped. She was slightly burned about the face also.

Skeleton of Giant. Wellston, O., May 31.—A find that will be of special interest to archaeologists and anthropologists was made by David Souders while plowing a new piece of ground which was formerly an Indian mound. The find is that of a giant skeleton eight feet in length. Three teeth are in perfect state of preservation. Other implements, including an ax and some flint arrow heads, were also unearthed.

Christian Endeavorers. Columbus, O., May 31.—One of the features of the state Christian Endeavor convention to be held in Columbus, June 25-28, will be the patriotic service on the state house steps, Friday afternoon, June 28. This will be the last afternoon session of the convention. Congressman Theodore Burton will be the speaker.

Died of Lockjaw. Cincinnati, O., May 31.—John Glad, 12, died of lockjaw at the home of his parents in Lower Delhi. He was burned while playing with a bonfire a week ago. Tetanus developed.

WAS BADLY INJURED IN BICYCLE RACE

Thursday evening about 8 o'clock, while Vigil Johnson and another boy were racing on Church street at great speed, they got too close together, and a wreck occurred. The other boy was not injured any, but the Johnson lad was thrown violently to the ground and badly hurt, his machine being totally wrecked.

While he was being carried away by men who were near when the accident occurred, Dr. F. M. O'Hara happened along and took the injured lad to Dr. Cosner's office. And it was found that he had sustained a compound fracture of the wrist, had his teeth loosened and his face badly bruised. Dr. O'Hara assisted Dr. Cosner in reducing the fracture, and took the boy and his mother, who had been called to their home at 28 Pearl street.

At this writing the boy is getting along as well as can be expected, but the accident emphasizes the danger of going on thoroughfares at high speed.

The Advocate Book Bindery will supply you with blank books for 1907.

SATISFACTION

EXPRESSED BY THE BOARD OF COUNTY VISITORS TO CHILDREN'S HOME.

The Management as Conducted by Mr. and Mrs. J. C. Krieg is Highly Commended.

The Board of County Visitors, consisting of Mrs. L. P. Sisson, Mrs. O. C. Larason, Mrs. George P. Webb, Mrs. J. M. Crawford, T. B. Fulton and D. M. Keller visited the Children's Home on Wednesday. The members of the board were courteously received by Mr. and Mrs. John C. Krieg, superintendent and manager of the Home, and were shown through the building and over the farm. It is but due to Mr. and Mrs. Krieg, say the members of the board, to publicly express their entire satisfaction with the manner in which the Home is conducted. The management of the children and everything pertaining to their comfort and well being has been reduced to perfect order and an admirable system. Everything in and about the building has the appearance of neatness and cleanliness, and it is evident from the conduct of the children that they are receiving admirable training and instruction. It is noteworthy that Mr. Krieg does practically all the repairs about the building himself or under his supervision, and under his management all the plumbing of the building is done, thus saving the county thousands of dollars. The ventilation and general sanitary condition of the building is excellent. The members of the board did not find a single sick child among the 62 inmates, and they were informed that not one had been in the hospital during the past six months. The unanimous sentiment of the Board is that they could not say wherein a single improvement not already anticipated by Mr. Krieg can be suggested for the comfort of the children.

TO ASCERTAIN THE SEA LEVEL OF THIS CITY

The United States Geological Survey Corps Arrived in Newark Friday Morning.

The United States Geological Survey corps, now making a survey from the Pacific to the Atlantic coasts, in order to ascertain the sea level of all principal inland cities, arrived in Newark this morning.

As yet the sea level of this city has not been ascertained accurately, but as soon as it is done the figures will be placed on the steps of the Court House where all who walk may read. The first act of the surveyors, who are uniformed in regulation government khaki, on their arrival here was to place a silver plated cap on the steps of the east wing of the Court House. This plate, six inches in diameter, has the official stamp of the Geological corps upon it and a notification that a reward of \$250 will be paid for the arrest of any one who tampers with it.

The cap is solidly cemented and riveted on the steps and contains a blank space in which the sea level figures for Newark will be stamped as soon as they are ascertained.

Monday afternoon several other members of the government geological survey corps will arrive here.

MODERN WOODMEN

WILL HOLD MEMORIAL SERVICE SUNDAY AND CEREMONIES WILL BE IMPRESSIVE.

In Memory of Twenty-eight Members of Cedar Camp Who Have Been Laid to Rest.

Memorial services of the Modern Woodmen of America will be solemnly observed Sunday, by the members of that organization, and from the keen interest displayed and the activity of the members of Cedar Camp, the occasion gives promise of being one which will surpass anything of the kind ever held in this city before.

Chief Forester E. C. Richardson of Cedar Camp announced to an Advocate representative that Sunday's ceremonies will be largely attended and participated in by every member of the local camp and a large delegation of out of town members.

During the afternoon the members of the camp, headed by a uniformed team of 12 stalwarts, will parade from their hall to the Cedar Hill cemetery, where services will be held.

Mr. L. C. Russell, a prominent attorney, will deliver an address. He will be followed by Chaplain Sparks with prayer. Singing will be interspersed with the addresses.

To make this event one which will long linger in the memory of man the committee on arrangements of which H. S. Mitchell is the chairman, is energetically using all the ability it possesses.

Everybody's friend—Dr. Thomas' Eucalyptic Oil. Cures toothache, earache, sore throat. Heals cuts, bruises, scalds. Stops any pain.

FINANCIAL REPORT ON MAY FESTIVAL

SHOWS A DEFICIT OF ONE HUNDRED AND FORTY-TWO DOLLARS THIS YEAR.

In Spite of This the Trustees Feel Highly Gratified—Next Year's Festival Plans.

The Newark Festival Chorus Association received at its last meeting on May 29, the report of the receipts and expenditures for the season of 1907. The report in brief is as follows:

Expenditures, \$2363.21; receipts \$2221.08 leaving a deficit of \$142.13. While this is a loss and leaves nothing over for the hospital, yet in view of the great, and in some cases, unexpected expenditures, and the inclement weather which prevailed, the trustees feel that this is an unexpectedly good showing. Had it not been for these two causes it is felt that there would have been at least \$200 added to the receipts.

In spite of the deficit the Association feels encouraged and is now making plans for a big festival for 1908. The public will be surprised and greatly pleased when the attractions are announced for next year as they will make a radical change in the numbers usually booked for this festival.

It may be definitely announced, however, that the big chorus and orchestra will be a feature as before and that Mr. Judson will return from New York three weeks before the festival in order to manage and conduct the concerts. The chorus will be under the direction of assistant directors until that time so that only the finishing work will have to be done by Mr. Judson. Due announcement will be made of all of the festival plans in regard to conductors for the year.

The management takes this opportunity to thank publicly all who contributed in any way to the success of the festival and especially Mr. A. L. Rawlings and the newspapers of Newark. As long as the Festival Association has such loyal support it can not but be a great success.

FATALLY BURNED

Brother Playing Joke Causes Accident that Will Doubtless Result in Girl's Death.

Mt. Vernon, May 31.—Aeline Berbow, aged 16, was fatally burned Thursday while she was cleaning gloves with gasoline. The girl was working on the porch when her brother struck a match to frighten her. Immediately there was an explosion and her clothes caught fire before the flames were smothered and she was so terribly burned that physicians say she cannot recover.
